EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, at line 11, the word "port" has been changed to -tube--.

In claim 11, at line 10, the word "port" has been changed to -tube--.

- 2. The allowed claims are 1-15.
- 3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or fairly suggest the recitations of the specific features of the surgical apparatus and method, of claims 1, 9 & 11, including especially the following: The primary reason for the allowance of independent claim 1, is the inclusion of the suction tube connected to the suction source, claimed in combination with the apparatus's supply tube, source of oxygen, and bracket.

The primary reason for the allowance of independent claim 9, is the inclusion of positioning an oxygen supply tube and a suction tube generally above a patient's lower face, neck and chest, the supply tube having a supply port located near the patient's face, the suction tube having a suction port located near the patient's face. The primary reason for the allowance of independent claim 11, is the inclusion of the suction tube connected to the suction source, claimed in combination with the apparatus's supply tube, source of oxygen, and bracket.

Application/Control Number: 10/616,805 Page 3

Art Unit: 3743

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Brehm, Struve, Butterworth, Levitt et al ('730), Levitt et al ('511), Chandler et al, Kellan ('220), Kellan ('780), Graether and Draeger are cited to show surgical drapes.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Fadi H. Dahbour whose telephone number is 703-306-5479. The examiner can normally be reached on M-F, 9am-5:30pm est.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Henry A. Bennett, can be reached on (703) 308-0101. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
